

For the life
you're after

Notice to customers about changes to our Personal Account fees and charges.

We're updating our 'A guide to fees and charges for Personal Accounts'. The changes will apply from 1 July 2026.

From 1 July 2026, we're replacing our quarterly maintenance and transaction fees with a simple €6 monthly fee.

There are no changes if the account you are opening has no fees (Advantage (customers over 66), Student, Student Plus, Graduate, Standard Care Account or Basic Bank Account)

How and when will we charge the €6 fee?

The €6 fee will be taken from your personal current account on the last working day of each month, starting on 31 July 2026.

What happens to your fee?

We use fees to help provide you with a safe, secure everyday banking service while also investing in better banking for you. This includes your full-service current account, instant payments, card and ATM services. Along with your account, you have free access to our mobile app and to safe, quick payments to contacts. We also have 24/7 fraud protection for your money. And when you need help, we're here for you in over 170 branches, over the phone, online, and you can also carry out many everyday banking transactions at any An Post Office.

We're updating our Fees and Charges booklet on 1 July 2026, and there's a guide to the changes below. You'll be able to get a copy of our Fees and Charges booklets here on www.aib.ie/changes-to-fees-and-charges and in any of our branches.

Welcome to AIB

The purpose of this guide is to provide you with all the information you need to help you understand the fees and charges associated with your account.

Details about the features and operation of your personal account(s) are contained in the current editions of our Terms and Conditions for Current, Demand Deposit and Masterplan Accounts which are available at any of our branches and online at www.aib.ie

There are two types of fees and charges associated with your account: Bank fees and charges, and Government charges.

This booklet explains how each of these categories may affect you. In the section '**Exemption from charges**' you will find details of categories of accounts which are exempt from certain fees and charges.

1. Bank fees and charges

Which can be grouped into three categories –

- Account fees
- Service charges
- Overdraft borrowing charges.

2. Government charges

There are certain Government charges which the bank is obliged to collect from you. Government charges are debited to your account even if you qualify for maintenance and transaction free banking. Under current legislation, the following Government charges apply:

Cheques: €0.50 stamp duty per cheque. Medallion Stamp Duty for cheque books ordered on or after 1st January 2009 is calculated as each cheque is presented and paid on your account and applied quarterly in arrears on the last business day of March, June, September and December.

Domestic Euro Bank Draft: €0.50 Medallion Stamp Duty per draft. This is applied at point of sale.

Debit Cards: Government Stamp Duty will be charged at a rate of €0.12 per ATM transaction. Government Stamp Duty only applies to ATM transactions carried out within Ireland (excluding Northern Ireland). This charge is capped at €2.50 if you only use your Debit Card for ATM transactions and capped at €5 if you use your Debit Card for both purchases and ATM transactions. Government Stamp Duty charge on Debit Cards is applied in January, for the previous year.

Please note: AIB will pay the Government Stamp Duty on AIB Debit Cards for AIB Student Accounts for second level students.

Overdraft borrowing charges

You may request to borrow for short-term needs by way of an overdraft on a Current Account or by applying for a Masterplan Account. Credit terms and conditions apply. Where your overdraft is authorised on a Current Account, you will be charged a facility fee. You will also be charged interest based on the extent to which you borrow under the agreed overdraft facility.

Facility fee

If your overdraft is on a Current Account, an overdraft facility fee of €25.39 per annum or per overdraft sanction, whichever is the more frequent, will be applied.

This facility fee is not applied to overdraft facilities sanctioned on AIB Student Plus Accounts or AIB Graduate Accounts.

Interest

You will pay debit interest (which is compound) on any overdrawn balance on your account. The debit interest rate on an authorised overdraft on your account will be advised in your facility letter provided at the time the overdraft is agreed. Interest rates are subject to change.

What are the charges for an unauthorised overdraft?

Unauthorised overdrafts created by a customer generate additional administrative activities and costs for the bank. These are recouped through the application of referral item charges.

Referral item charges

These charges apply when cheques, withdrawals, Direct Debits and Standing Orders are presented for payment on your account and, when paid, place the account in an unauthorised overdraft.

A charge of €5.15 per item is applied, up to a maximum of five items per day. Referral item charges are waived for AIB Student Plus Accounts.

Unpaid charges

You may incur an unpaid charge of €10.00 per item if cheques, Direct Debits or Standing Orders, presented for payment on your account, are returned unpaid because of insufficient balance on the account (Unpaid Items) or sometimes for other reasons, for example, where a cheque hasn't been signed.

Uncleared interest

As a general rule, you should allow two business days after lodging a cheque drawn on a non-AIB Bank before drawing against the proceeds of the cheque. This is to allow for the exchange of items/value between the financial institutions. Please note postal orders and cheques drawn on UK and other Foreign Banks will take longer to clear.

In some circumstances, we may allow you to withdraw funds from your Account that have not yet become available for you to use. However, if we allow this, you may have to pay debit interest on any resulting debit balance in your Account.

Debit interest

Details of our current overdraft interest rates and related charges are available at any AIB branch and on our website www.aib.ie

When will interest on my Overdraft/Masterplan be charged to my account?

We calculate debit interest each day on the overdrawn balance on your account after allowing for items paid out and paid in. Debit interest is totalled on a quarterly basis in March, June, September and December and is charged to your account following at least ten business days prior notification to you.

How to reduce overdraft borrowing charges

Some overdraft borrowing charges can be reduced or even avoided. Here are some examples:

- You can avoid incurring referral item charges and unpaid charges by ensuring that your account operates in credit or within your sanctioned limit, if you have one
- If you need an overdraft facility, an increase on your agreed existing overdraft limit or where you cannot meet your scheduled loan repayments, you should contact your AIB branch in advance to discuss and agree (in writing) the appropriate arrangements on your account to reflect your requirements
- By applying for the facility for a year, even though you might only need it for a shorter period, you can avoid paying additional facility charges later in the year if you require the facility again.

Terms and conditions apply.
